

Internship at BOGL

As an intern at BOGL, you will become part of a young, creative and experimental workplace with room for good ideas within the field of landscape architecture and urban planning. Your work tasks will range from climate adaptation, urban planning, strategy, design and graphic presentation in projects and competitions phases. As an office BOGL primarily work in the Scandinavian countries and our design has roots in the a Nordic design tradition with great love for sustainability and quality materials, tectonics and timelessness. We expect a high degree of professionalism and engagement from our interns, and repay it with an opportunity to learn, challenging and fun tasks, wide involvement in all phases of the architectural process and kind co-workers.

About you

- You are studying architecture, landscape architecture or urban planning and you have completed your bachelor's degree
- You are an experienced user of Autocad as well as Adobe Photoshop, Illustrator, InDesign and 3D applications such as Rhino or SketchUp
- You are curious and independent

- You are open and a good colleague
- You have a graphic sense

FAQ

- The internship is paid DKK 6,500 / month including vegetarian lunch.
- Working hours: 37 hours a week from August 2022 until the end of January 2023
- The office is located in Copenhagen NV on Tranevej 16.

We are looking forward to receiving your application. Send a brief letter of motivation, contact info, CV and portfolio to kah@bogl.dk
